The annual report was presented in

The annual report was presented in printed form, and covers very full and complete information in detail, from which are gathered the following items of interest to the general public in respect to the affairs of this, Norwich's largest corporation.

respect to the affairs of this, Norwich's largest corporation:

During the year the company finished 22,902,633 yards of goods (equivalent to 134,035 miles), an increase of 59,508,724 over the previous year. The gross receipts from sales of the year were \$5,558,727. This figure exceeds by \$1,091,002 the gross receipts in 1908, which aggregated \$4,467,725. The total net income amounted to \$1,744,149, compared with \$1,269,848 last year, an increase of \$471,301, of about \$7 per cent. The cost of production increased from \$2,234,825 in 1908 to \$3,859,752. After deducting \$880,231 for maintenance and general expenses, a balance of \$862,918 is shown which represents the net earnings for the year, an increase of \$375,517 over 1908 of about 76 per cent.

During the year the preferred stock was increased from \$2,600,000 to \$3,000,000 and the common stock from \$1,000,000 to \$1,500,000. The amount available for dividends, after the interest payments on the bonded debt was \$687,218, equivalent to 22 percent, earned on the preferred stock. The regular 7 per cent, dividends were paid on this stock, the first quarterly installment being declared before the increase in the stock, but the remainder was paid on the full \$200,000, A total of \$203,000 was disbursed, leaving \$484,218 available for dividends on the common, equivalent to 32 per cent, earned on the \$1,500,000 of stock. For During the year the preferred stock the common, equivalent to 32 per ent. earned on the \$1.500,000 of stock. For the first time dividends were paid on this stock, 2 per cent, being declared in 1 per cent, quarterly payments. The year's surplus after the payment of all dividends was \$454.218 and after charging \$213,225 for depreclation, the remainder was added to the general surplus which now totals \$2,240,993. In 1908 the entire small surplus of In 1908 the entire small surplus of \$127,401 was set aside for deprecia-
